Vaccine More Dangerous Than COVID-19

Dr. Charles Hoffe, a family physician from Lytton, B.C., wrote to Dr. Bonnie Henry, B.C. provincial health officer, with serious concerns about COVID-19 vaccines. One of his patients died after the shot, and six others had adverse effects. Hoffe said the vaccine was causing serious damage and he believed "this vaccine is quite clearly more dangerous than COVID-19."

Hoffe was quickly accused of causing "Vaccine Hesitancy" and local health authorities threatened to report him to the licensing body, the College of Physicians and Surgeons of B.C. He was also told by government health authorities that he could not say anything negative about the COVID-19 vaccine, but the issues Hoffe was seeing compelled him to speak out anyway.

Blood Clot Formation with mRNA Vaccines 'Inevitable'

Each mRNA "package" is designed to be absorbed into your cell, but only 25% stay in your arm at the site of the injection. The other 75%, Hoffe says, are collected by your lymphatic system and fed into your circulation. The cells where mRNA is absorbed are those around your blood vessels - the capillary network, which are the tiniest blood vessels in your body.

When the mRNA is absorbed into your vascular endothelium - the inner liner of your capillaries - the "packages" open and genes are released. Each gene can produce many COVID-19 spike proteins, and your body gets to work manufacturing these spike proteins, numbering in the trillions.

Your body recognizes the spike protein as foreign, so it begins to manufacture antibodies to protect you against COVID 19, or so the theory goes. But there's a problem. In a coronavirus, the spike protein becomes part of the viral capsule, Hoffe says, but when you get the vaccine, "it's not in a virus, it's in your cells." The spike protein, in turn, can lead to the

development of blood clots.

62% of Recently Vaccinated Patients Have Evidence of Clotting

While some of the blood clots you may have heard about associated with the COVID-19 vaccines are the large variety that show up on MRIs and CT scans, Hoffe states that the variety he's referring to are microscopic and scattered throughout the capillary network, so they won't show up on any scan. It's possible to end up with so many blood clots throughout your vascular system that your coagulation system is exhausted, resulting in bleeding (hemorrhaging).

Hoffe now has patients who get out of breath much more easily than they used to because "they've clogged up thousands of tiny capillaries in their lungs." This is only the first problem, as it can lead to more significant, permanent damage.

"The terrifying thing about this is not that these people are short of breath and can't do what they used to be able to do. Once you block off a significant number of blood vessels to your lungs, your heart is now pumping against a much greater resistance to try to get blood through your lungs."

The end result can be pulmonary artery hypertension, which is basically high blood pressure in your lungs, because the blood can't get through due to the many vessels that are blocked. "People with this usually die of right-sided heart failure within three years," Hoffe said, "so the huge concern about this mechanism of injury is that these shots are causing permanent damage and the worst is yet to come."

"It doesn't matter how mild it is, they will not be able to do what they used to do because heart muscle doesn't regenerate. The long-term outlook is very grim, and with each successive shot, it will add more damage. The damage is cumulative because you're progressively getting more damaged capillaries."

Physicians Forbidden from Countering Narrative

Equally as disturbing as the potential harm caused by experimental mRNA vaccines is the censorship going along with it. The CPSO, which regulates the practice of medicine in Ontario, issued a statement prohibiting physicians from making comments or providing advice that goes against the official narrative - basically anything "anti-vaccine, anti-masking, anti-distancing and anti-lockdown."

The statement was released because some physicians have been spreading blatant misinformation via social media, which is undermining "public health measures meant to protect us all." But if a physician is unable to speak freely, the independent relationship between doctor and patient ceases to exist, and so does the doctor's ability to act in the best interest of the patient.

Hoffe certainly experienced this but is still speaking out, putting his patients first and trying to get word out that, he believes the COVID-19 vaccination program should be stopped until the causes of the many injuries and deaths are understood.

The tragic question is, how many others with similar concerns have been intimidated into remaining silent?

More Deaths Caused By The COVID Vaccine.

Data released today by the Centers for Disease Control and Prevention (CDC) included 463,457 reports of injuries and deaths, across all age groups, following COVID vaccines - an increase of more than 25,000 compared with the previous week.

The data comes directly from reports submitted to the Vaccine Adverse Event Reporting System (VAERS), the primary government-funded system for reporting adverse vaccine reactions in the U.S.

As of July 9, 2021, about 10,991 deaths have been reported due to the vaccine. Of those 10,991 deaths, 22% occurred within 48 hours of vaccination, 15% occurred within 24 hours and 37% occurred in people who became ill within 48 hours of being vaccinated.

The most recent reported death includes a 13 year-old boy (VAERS I.D. 1431289) with a previous history of COVID who suffered cardiac arrest and died 17 days after vaccination with Pfizer. Other reports include two 13 year-old boys (VAERS I.D. 1406840 and 14229457) who died two days after receiving a Pfizer vaccine, three 15 year-olds (VAERS I.D. 1187918, 1382906 and 1242573), three 16 year-olds (VAERS I.D. 1420630, 1255942 and 1386841) and three 17 year-olds (VAERS I.D. 1199455, 1388042 and 1420762).

✦ 2,040 reports of anaphylaxis among 12 - 17 year-olds with 99% cases attributed to Pfizer's vaccine, 1.1% to Moderna and 0.2% (of four cases) to J&J.

✦ 377 reports of myocarditis and pericarditis (heart inflammation) with 373 attributed to Pfizer's vaccine.

✦ 65 reports of blood clotting disorders, with 64 attributed to Pfizer and 1 attributed to Moderna.

✦ 23% of deaths were related to cardiac disorders.

✦ 50% of those died were male, 45% were female and the remaining death reports did not include gender of the deceased.

✦ 2,857 pregnant women reported adverse events related to COVID vaccines, including 1072 reports of miscarriage or premature birth.

✦ 5,049 cases of Bell's Palsy were reported, 63% were attributed to Pfizer vaccinations, 35% to Moderna and 5% to J&J.

✦ 445 reports of Guillain-Barre' Syndrome, with 51% of cases attributed to Pfizer, 37% to Moderna and 7% to J&J.

✦ 127,421 reports of anaphylaxis with 48% of cases attributed to Pfizer vaccine, 45% to Moderna and 17% to J&J.

✦ 9,471 reports of blood clotting disorders. Of those, 4,998 reports were attributed to Pfizer, 2,845 reports to Moderna and 1,588 reports to J&J.

✦ 1,991 cases of myocarditis and pericarditis with 1,336 attributed to Pfizer, 599 cases to Moderna and 52 cases to J&J COVID vaccine.

Scapegoating "UNVACCINATED" Americans

Instead of owning up to the reality that we cannot eliminate a submicroscopic infectious particle from existence, perhaps admitting that the government officials wildly oversold an innovative "cure" to the disease, they're continuing with the dictatorial insanity.

We went from 2 weeks to flatten the curve to .95% effective to 4th/5th jab to Vax every 5 months!

Instead of being honest about their failures with the American people, Biden officials are choosing to triple and quadruple down on these broken policy measures. They're purposely pitting Americans against each other and labeling the "unvaccinated" as the ultimate scapegoat for their failures.

Time will tell if they succeed or if Americans decide to find the courage to reject the latest series of unconstitutional edicts.

OMICRON The new 'Scariant'

The Omicron "variant" media hysteria is pure fiction. It's nothing but a 1984-style Orwellian psychological terrorism operation that has been engineered to keep the populations of the world enslaved and obedient while terrorist governments carry out their global depopulation/ genocide programs.

To date, no one in America has even been diagnosed with the variant, and no one has died from it anywhere on the planet. Yet thanks to mass media journo-terrorism, half of America is now freaking out over something that likely doesn't exist at all. "Omicron" is almost certainly a coordinated fabrication.

Yet out of nowhere, the media has managed to program the population to lose their minds upon mention of the word, "mutations." Although random mutations in genetic material take place literally millions of times each day in every human being's own body, suddenly "mutations" are the scariest thing imaginable, according to the hyperventilating media.

Over the last two years, globalists have confirmed that FEAR, not "science," is their ultimate mechanism of control over humanity.

Remember when we were told in 2020 that if just 60-70% of the country agreed to take two shots, everything would return to normal and COVID would be over? It was all a calculated lie from the start.

The lie promised FREEDOM if the people would just comply, but what it delivered was tyranny and fear... along with never-ending obedience to government-coerced vaccine compliance.
