A New World Order?

The founder of the WEF is a German, Klaus Schwab. The WEF is a club for the wealthiest percentile of the world's corporate and political elite. Schwab has particularly befriended China and many consider him to be the mastermind behind the current movement towards cryptocurrency, universal identification and a One World Government to be run jointly in totalitarian fashion with China.

In 1971 Schwab founded what was to become the WEF in 1987. It has 1,000 members. In general, qualification requires a business to have more than \$5 billion per year in revenue. The theme of WEF and Schwab has recently been the "Great Reset" which essentially means a New World Order. The WEF is also known as Davos.

The article I read lists 22 of Schwab's disciples. These are puppets groomed by Schwab and the WEF to carry out missions under the "young Global Leader" programme, which started in 1993. Such people have gone on to become Presidents, Prime Ministers, and CEOs. These include some of the key players in this pandemic and 'vaccination' effort.

Among the list of 22 are Bill Gates, Trudeau, Macron, Austrian Chancellor Kurz, Australian health minister Hunt, and Merkel. There is just one New Zealander on the list; you guessed it – Ardern.

You-know-who with Hillary Clinton.

A little while back, Ardern had a secret meeting with Gates. These days you cannot keep a secret for long. One wonders what the meeting was about.

Control of the population

When we notice the harsh mandatory lockdowns of NZ, Australia, Austria, and Canada, perhaps it makes better sense when we factor in the names of those in the WEF. It was all about control of the population.

Professor Oehler of the University of Bamberg aptly describes the agenda of the WEF. It seems to be the driver behind and organiser of the global population control operations, be it pandemics, biometric ID's, Great Reset, depopulation, and so on. He believes that Schwab and his WEF members, including Bill Gates, planned the Covid-19 pandemic by sponsoring Event 201, a coronavirus pandemic simulation exercise held in New York on 18 October 2019. WEF has been a proponent of digital biometric identity systems (implanted microchips), to make societies easier to control.

Professor Oehler wrote : “WEF collaborates with the ID 2020 alliance, funded by Gates and Rockefeller foundations to run a programme to provide digital ID with vaccines. In particular, ID2020 sees the vaccination of children as ‘an entry point for digital identity’. In reality, this means that anything a person does or allowed to do, (employment, travel, commerce, health care etc...) will be linked to the person’s ID. This will remove any privacy and take total control over each and every activity of any individual on earth.

Taking advantage of turmoil

The WEF sees times of great turmoil or catastrophes as ideal opportunities to implement this reset. Here in New Zealand is this actually happening orchestrated by a government led by a WEF disciple?

We have the gigantic fraud of human induced global warming and now humans are responsible for all other weather events, then we have the widening division of the country by elite part -Maori activists, and now the pandemic Covid 19 which has led to the Government having complete control over the population at various times.

I would call this a time of chaos and turmoil in NZ. So is the reset in the process of being implemented here? Oh, and we now have a war in the Ukraine.

On the road to World Government

Schwab demands a World Government under the UN, which has been brought under its control by the WEF. This is to be achieved by creating as much worldwide chaos as possible in the form of pandemics, wars, including civil wars, and natural disasters, so that the world population becomes convinced that the national governments are overwhelmed and only a world government can help.

At the same time Schwab calls for the shifting of all the wealth to Mr Global (That’s the name given to Schwab and his henchmen and women). No one except Mr Global will own anything, and we will supposedly be happy with that. Cash is to be abolished and replaced by digital currency. This will be allocated to or taken away from every person in the world who can then be found anywhere and at any time by various tracking systems. This is to be done by a single world bank.

However, an experienced trial lawyer Dr Reiner Fuellmich, licensed in Germany and California heads a group of attorneys with global reach dedicated to dragging this deadly conspiracy into the open and suing it to oblivion. Fuellmich mentions that he has developed very good evidence that the PCR test (A test to detect genetic material from a specific organism such as a virus), was fraudulently used to grossly exaggerate the number of true Covid cases, and the courts in Portugal, Austria and Germany, have set excellent precedents in their rulings to that effect.

He also has extremely incriminating evidence that this coronavirus pandemic never had anything to do with health rather, Mr Global's actions are aimed solely at destruction of regional economies, shifting the wealth to the super rich, population reduction, and the installation of a world government under the UN which is now under control of the WEF.

He reminds us that we are dealing with megalomaniacs and sociopaths.

Violating the Nuremburg Code

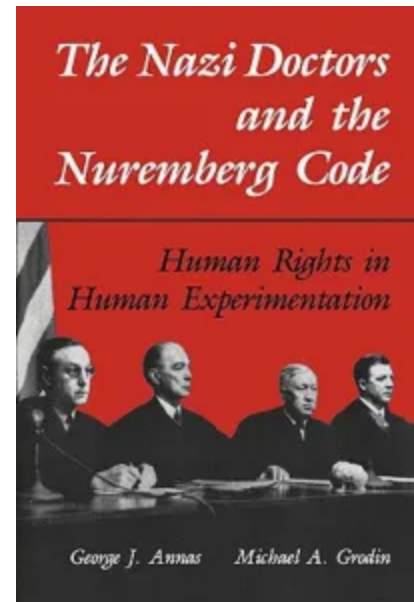

Currently, there is a 46 page legal filing in the International Criminal Court accusing 16 people including Bill Gates and his former wife Melinda, Anthony Fauci, and Schwab, of numerous violations of the Nuremburg Code. Essentially, they are accused of genocide. The 16 also includes the CEO's of Pfizer, Moderna, Astra Zeneca, and Johnson and Johnson.

The victims are the entire population of the UK. The Code was developed after the Nuremburg trials. In particular, the medical experiments conducted by the Nazi doctors led to strict rules and ethical principles regarding future human scientific trials, including the doctrine of necessary informed consent and freedom from coercion and threat in submitting to experimental drugs.

There is a legal and ethical requirement that the patient be appraised of any significant potential risks including infection, bleeding, nerve damage, or even death. The patient usually signs a consent form following this explanation. The vaccines should be no different. A person about to receive a jab is rarely told of the risks of blood clots, bleeding, cerebral thrombosis, myocarditis, and death. Yet those risks exist. **Was anyone in NZ informed of the risks and did anyone sign a consent form? I doubt it.**

Hannah Rose bringing the prosecution on behalf of all UK citizens, states that this is a matter of a genetic medical experiment on humans being performed without informed consent under a severe and blatant offense of the Nuremburg Code. She also notes that there was an obligation for alternative treatments to be discussed. She also argues that the vaccine has caused the death of many as well as injury and severe damage (including disablement and paralysis), after the vaccine was administered.

Bill Gates in trouble

Bill Gates is also in trouble in India. The Gates Foundation funded a programme in 2009 of testing and sterilising indigenous vaccines on tribal children in India. It is claimed that the BMGF (Bill and Melinda Gates Foundation), conducted unlawful clinical trials of vaccine on tribal children in India without consent of their parents. They administered the Human Papillomavirus (HPV), to 14,000 tribal girls aged between 10 and 14. Many fell ill and four died. Their families did not know their children were being administered with the vaccine.

You-know-who with the Gates.

Gates has been criticised by Indian farmer groups, who have been protesting on the border of the national capital New Delhi for six months. The farmers are protesting against controversial laws promoting privatisation of agriculture passed by the Hindu nationalist government, and see Gates as a supporter of such efforts. Farmers burnt an effigy of Gates at one of the protest sites.

In May 2002 *The Bill and Melinda Gates Foundation* purchased shares in nine big pharmaceutical companies at nearly \$205 million. So the Gates Foundation is an investor in Merck and Co, Pfizer, Johnson and Johnson and others. Gates has a strong stance on intellectual property which can mean that poor countries cannot access drugs for their populations.

Vaccines or gene therapy?

Attorney Hannah Rose filing on behalf of all the UK citizens, has called on the expertise of Dr Michael Yeadon a research based PhD in respiratory pharmacology and former Vice President and Chief Scientist at Pfizer.

He asserts that the vaccines do not meet the requirement to be categorized as vaccines and are in fact gene therapy. “It is not a vaccine. It is not prohibiting infection. It’s not a prohibiting transmission device. It’s a means by which your

body is conscripted to make the toxin which then allegedly your body somehow gets used to dealing with, but unlike a vaccine, which is to trigger the immune response, this is to trigger the creation of the toxin.”

The mRNA vaccines are a new technology being used for preventing Covid 19 infection. mRNA vaccines contain pieces of mRNA that tell the cells in the body how to make a viral protein that will be recognised by the immune system as foreign. In this case the mRNA contains instructions for the spike (S) protein on the surface of the Covid virus. The S protein then helps the virus enter the human cells. Copies of the S protein are made in the body. The immune system recognises the S protein as foreign and makes immune cells and antibodies which can recognise and attack the Covid virus via the S protein.

The concern that Dr Yeadon has is that these proteins could accumulate in the body. The immune system could then attack the regions where they accumulate, then you could be dealing with an auto-immune system (That's when the body attacks normal healthy cells.) Dr Yeadon goes on to say: “ Given that this virus at worst is a slightly bigger risk to the old and ill than is influenza and less risk for almost everyone else who is younger and fit, it was never necessary for us to have done anything.”

He further states; “People do not need to worry about variants. He explains that 18 years after SARS (similar to Covid), people still have natural immunity.” So he states “that if survivors of SARS some 18 years later have immunity against the new virus which is 20% different, why would we believe that the current viral mutant (I presume omicron), which is only 0.3% different, would be a threat? “

Waving through the potentially deadly Top-Up vaccines

So why is the pharmaceutical industry making Top-Up vaccines? The regulators have waved them through without any clinical safety studies. Yeadon believes they are going to be used to damage your health and possibly kill you. Not straight away, but sometime down the track so that the vaccines cannot be attributed to the death. He also believes the mandatory vaccine passes are put in place for complete totalitarian control.

It seems clear the WEF wants to depopulate the World. What better way than by using 'vaccines'. I have had the two jabs and the booster. I will probably not have any more boosters. Gates is a concern, He has a finger in all the vaccine producers, and he, like Arden, is a member of WEF.
