[VIEW ORIGINAL DECLARATION](#)

**[UPDATE: as of 8am ET on 1/18 over 17,000 doctors & scientists have signed the Rome Declaration]**

WE, THE PHYSICIANS OF THE WORLD, united and loyal to the Hippocratic Oath, recognizing the imminent threat to humanity brought forth by current Covid-19 policies, are compelled to declare the following:

**WHEREAS**, after 20 months of research, millions of patients treated, hundreds of clinical trials performed and scientific data shared, we have demonstrated and documented our success and understanding in combating COVID-19;

**WHEREAS**, in considering the risks vs. benefits of major policy decisions, thousands of physicians and medical scientists worldwide have reached consensus on three foundational principles;

**NOW THEREFORE, IT IS:**

<sup>1</sup>  
\* **RESOLVED**, THAT HEALTHY CHILDREN SHALL NOT BE SUBJECT TO FORCED VACCINATION ([view supporting evidence](#))

- Negligible clinical risks from SARS-CoV-2 infection exist for healthy children under eighteen.

- Long term safety of the current COVID vaccines in children cannot be determined prior to instituting such policies. Without high-powered, reproducible, long term safety data, risks to the long-term health status of children remain too high to support use in healthy children.
- Children risk severe, adverse events from receiving the vaccine. Permanent physical damage to the brain, heart, immune and reproductive system associated with SARS-CoV-2 spike protein-based genetic vaccines has been demonstrated in children.
- Healthy, unvaccinated children are critical to achieving herd immunity. Natural immunity is proven to tolerate infection, benefiting community protection while there is insufficient data to assess whether Covid vaccines assist herd immunity.

**RESOLVED, THAT NATURALLY IMMUNE PERSONS RECOVERED FROM SARS-CoV-2 SHALL NOT BE SUBJECT TO ANY RESTRICTIONS OR VACCINE MANDATES (view supporting evidence)**

- Natural immunity is the most protective, and longest-lasting solution against the development of COVID-19 disease and its more serious outcomes.
- Naturally immune persons are at the lowest risk of transmission, thus should not be subject to travel, professional, medical or social restrictions.
- Natural immunity provides the best source of herd immunity, a condition necessary for eradicating the Covid virus.

**RESOLVED, THAT ALL HEALTH AGENCIES AND INSTITUTIONS SHALL CEASE INTERFERING WITH PHYSICIANS TREATING INDIVIDUAL PATIENTS (view supporting evidence)**

- Early intervention with numerous, available agents has proven to be safe and effective, and has saved hundreds of thousands of lives.
- No medicine already given regulatory approval shall be restricted from “off-label” use, particularly during this global humanitarian crisis caused by a rapidly mutating virus, which requires quick to adopt treatment strategies.
- Health agencies shall be prohibited from interfering with physicians prescribing evidence-based treatments they deem necessary, and insurance companies must cease blocking payments for life-saving medicine prescribed by doctors.

### RECOMMENDED LEGISLATIVE OR EXECUTIVE ACTION:

We believe that violating any of these three principles unnecessarily and directly risks death to our citizens. We hereby recommend the leaders of states, provinces and nations legislate or *take executive action to prohibit the three practices described above.* (\*)
