

# How Do We Wake Up Friends Who Are Gaslit by Pfizer's Narrative?

[karenkingston.substack.com/p/how-do-we-wake-up-friends-who-are](https://karenkingston.substack.com/p/how-do-we-wake-up-friends-who-are)

Have you been told that we can't take civil or criminal action against Big Pharma?

Do you want to know why NO criminal charges have been brought against Pfizer, Moderna, J&J and others involved in the development, manufacturing, distribution, promotion, and administration of these bioweapons falsely referred to as mRNA vaccines? It could be because 99.9% of Americans are victims of **extrinsic fraud**, or in non-legal terms, **gaslighting**.

# What is Narcissistic Gaslighting?

talkspace Mental Health Conditions

## Narcissistic Personality Disorder (NPD)

Narcissistic personality disorder is a mental health condition marked by a **grand level of self-importance**, an **intense need for excessive admiration** and a general lack of empathy.

Narcissists display extreme confidence while being *unable to gracefully accept small criticisms* or complaints.

## Gaslighting

Gaslighting is the use of a patterned, repetitive set of manipulation tactics (i.e. lies) that makes someone question reality. It's often used by people with NPD, abusive individuals, cult leaders, criminals, and dictators.

It's important to point out that **gaslighting is a "patterned" behavior that's intentional and designed to make you question your reality**. Toxic people who gaslight instill confusion intended to make others rely on them.

Convincing someone to question their reality gives a gaslighter a sense of power and superiority.

Gaslighting is the intentional use of repetitive and patterned manipulation techniques to make individuals, groups, or even entire populations question their reality. For example, Pfizer is desperately trying to convince Americans that their FDA-approval never happened, but we all know the FDA-approval for Pfizer did happen.

## PFIZER Uses Press Release to Deny Liability Risk in Bizarre Announcement

Under the EUA Laws, it's impossible for a judge to convict PFIZER or any organization of willful misconduct if the judge believes the FDA approval never happened.

On November 18, 2022, PFIZER issued the most bizarre Fortune 500 press release I have read in my professional lifetime. Fortune 500 companies issue press releases to inform investors about forecasted activities or achieved milestones that can impact revenue and therefore the stock price. This press release did neither.

Pfizer manufactured, marketed and distributed FDA-authorized and FDA-approved mRNA COVID-19 vaccines that are bioweapons. Once Americans began to realize they could criminally charge Pfizer, we are now being told the FDA trials and approval never happened, that the FDA trials and approval were a military psyop, and therefore, it's the US military and US government that is liable, not Pfizer.

There is no law or contract that can protect Pfizer from criminal charges for developing, manufacturing and marketing a bioweapon as a safe and effective vaccine.

COMIRNATY® (COVID-19 Vaccine, mRNA) is a vaccine approved for active immunization to prevent coronavirus disease 2019 (COVID-19) caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in individuals 12 years of age and older.

Could the claim that “all of the Pfizer and FDA interactions, clinical trials, documents, FDA-authorization, FDA-approval, and manufacturing and shipping of FDA-authorized BNT162b and FDA-approved COMIRNATY was all theatre,” be a narrative that protects Pfizer and creates a new element of chaos and confusion, so we fight amongst ourselves and don't move forward with charging Pfizer?

Gaslighting is often used by influential people as a means of gaining power, by making people dependent on them for information and guidance. Once authority and trust are established, influential individuals can easily mislead others about material facts and their legal rights in matters of civil or criminal litigation.

Be wary of attorneys or leaders who tell you that organizations that have inflicted disease, disabilities or death on millions of American adults and innocent children with an FDA-approved bioweapon; organizations such as Pfizer, that the laws don't apply to them.

When an expert or attorney withholds material evidence or misrepresents the facts and laws regarding a legal matter, such as a potential lawsuit, it's called extrinsic fraud.

**Extrinsic fraud is fraud that induces a person; to *not* present a case in court, to not pursue criminal charges, to not properly present case, or to be deprived of an opportunity for just compensation.**

- Extrinsic fraud includes fraudulent acts which **keep a person from understanding information about his/her rights or obtaining evidence. This could include misleading an ignorant person about not having the right to sue or press criminal charges, or persuading them to delay moving forward with a case (stalling tactics).**

A typical stall tactic used by attorneys and politicians is telling victims and frustrated constituents to ‘just wait’, ‘the team is working on it’, and that they will ‘hold an investigation to hold these criminals to account.’ - These are stalling tactics.

- Extrinsic fraud is distinguished from intrinsic fraud, which is the fraud that is the subject of a lawsuit (i.e. Pfizer and the FDA committed intrinsic fraud regarding the clinical trial data.).

It is not uncommon for a judge, attorney or politician to commit the crime of extrinsic fraud due to bribery, coercion, or allegiance to an undisclosed organization or individual. Experts who have special knowledge of material facts also engage in extrinsic fraud for the same reasons listed above.

### **Are We Victims of Extrinsic Fraud?**

---

Typically, extrinsic fraud occurs once legal matters officially begin, such as engaging an attorney, but it’s safe to say that many Americans have been gaslit into believing there is nothing we can do to pursue Big Pharma or the government healthcare agencies.

Below are some false claims that have been repeated to us consistently and relentlessly.

- Pfizer is protected under EUA immunity.
- The FDA/VRBPAC can change the definition of a vaccine to whatever they want.
- Pfizer is protected under the Childhood Vaccine Injury Act because the CDC added it to the Childhood Vaccine Schedule.

In my opinion, these false and misleading statements have dissuaded Americans from pursuing criminal or civil charges against Big Pharma (Pfizer) and/or the government agencies they conspired with for manufacturing, distributing, promoting and administering mRNA bioweapons on American adults, seniors, and our children.

Not only are these repeated claims false, but they are also irrelevant. Why? Because the COVID-19 mRNA injections are not vaccines. **The COVID-19 mRNA injections are biological weapons.**

Per 18 USC 175, a **biological weapon is any biological agent, toxin, or delivery system (device/LNP/vaccine) that is *not reasonably justified* by a prophylactic or protective purpose; bona fide research, or other peaceful purposes.**

**§175. Prohibitions with respect to biological weapons**

(a) In General.—Whoever knowingly develops, produces, stockpiles, transfers, acquires, retains, or possesses any biological agent, toxin, or delivery system for use as a weapon, or knowingly assists a foreign state or any organization to do so, or attempts, threatens, or conspires to do the same, shall be fined under this title or imprisoned for life or any term of years, or both.

**Extraterritorial Federal jurisdiction over an offense under this section committed by or against a national of the United States.**

(b) Additional Offense.—Whoever knowingly possesses any biological agent, toxin, or delivery system of a type or in a quantity that, under the circumstances, is not reasonably justified by a prophylactic, protective, bona fide research, or other peaceful purpose, shall be fined under this title, imprisoned not more than 10 years, or both. In this subsection, the terms "biological agent" and "toxin" do not encompass any biological agent or toxin that is in its naturally occurring environment, if the biological agent or toxin has not been cultivated, collected, or otherwise extracted from its natural source.

(c) Definition.—For purposes of this section, the term "for use as a weapon" includes the development, production, transfer, acquisition, retention, or possession of any biological agent, toxin, or delivery system for other than prophylactic, protective, bona fide research, or other peaceful purposes.

**§177. Injunctions**

(a) In General.—The United States may obtain in a civil action an injunction against—the conduct prohibited under section 175 of this title;

It's critical that we're able to clearly articulate and document that the COVID-19 mRNA vaccines are weapons of mass destruction, bioweapons. And stop repeating the lie that the COVID-19 mRNA injections are vaccines able to provide prevention from infection or protection from disease; or that the mRNA injections are medical countermeasures, exclusively owned by the US military and the FDA-approval was psyop.

## **Take Down COVID-19**

The uncomfortable truth is that we all have been lied too and deeply betrayed by leaders we trust, and some we even adored. All offices of power across our nation; from our President and Federal Healthcare agencies to our local governors, mayors, city counsel members, and even our health care service providers, employers, and school boards members. If you're questioning on how to know if a government, public official or even if your employer or school is an ally of the American people of our children, there is a simple challenge to give them;

## **Demand Local Officials Take Down COVID-19.**

Call for governors, attorney generals, mayors, school boards, colleges and universities, health care officials, health care centers, businesses, **and churches** to;

**Make a public declaration that COVID-19 mRNA vaccines cause disease and death and must be banned and recalled immediately**

Immediately STOP ALL COVID-19 testing, treatments and mRNA vaccines

REJECT and STOP ALL FUNDING for all COVID-19 programs

\*CALL FOR GOVERNORS and Attorney Generals to CRIMINALIZE the promotion and administration of mRNA vaccines

\*Governors have the power to reject the HHS declaration that SARS-CoV-2 is a threat to public health and national security and to criminalize the use of all EUA designated COVID-19 products, tests, and mRNA vaccines. Attorney generals have the right to seize and destroy all COVID-19 mRNA injections. Demand that they do.
